“Media and Education”

CONCLUSIONS

The development of co-operation policies aimed at improving the quality of education in the south of Italy.

A proposal to the Party of European Socialists, the European Parliament and to the socialist group in the European Union about the importance of support for training programs and development of education.

IUSDT stresses the importance of media education, communication systems in the possession of the state to counterbalance the commercial supply and funding for projects in less developed countries.

IUSDT condemns the educational change in Brazil; terminating the CIEPs.

IUSDT condemns the nuclear testing in the area of the Pacific Ocean.

IUSDT supports initiatives to start projects for future development in Mostar, Bosnia.

Proposals and recommendations on the themes:

- A child's view of the media

- Teachers' training and new technologies

- Social dimension of the new media in a changing world

- Media and education for citizenship
